# Ejercicio rápido: A quejarse con propiedad 🤔

- 1) Trata de recordar la última vez que te frustraste usando un sistema
- 2) Explica por qué ese problema es un problema de usabilidad en términos de:
  - 1) Modelos mentales e imagen del sistema
  - 2) Affordances
  - 3) Eficiencia, eficacia y satisfacción
  - 4) Heurísticas de Nielsen

Pensalo unos minutos y contáselo a tu compañero de al lado. En un ratito compartimos con todo el curso.
