During the interviews, participants had access to all their historical data to support their stories around ***Lifelines***

We collected 22 hours of video from 34 Skype interviews

OpenCording videos (Chronviz) + Thematic Analysis

First set 12 interviews: 2 coders

Second set of 16 interviews: 1 coder

Thenes discussing all authors

During interviews, we show them their “old” data to help them remember interesting events and let them explain to us what happened in their own words

During the interviews, participants had access to all their historical data to support their stories around ***Lifelines***

We collected 22 hours of video from 34 Skype interviews

Open coding on videos (Chronoviz) + Thematic Analysis

During interviews, we show them their “old” data to help them remember interesting events and let them explain to us what happened in their own words

How did **multiple streams** inform context?
